14, 1929, seven men were lined up against the wall in a North Side garage and gunned down execution-style. The infamous mob hit became known as the St. Valentine’s Day massacre. Five known members of George ‘Bugs’ Moran's gang, one associate and a garage worker were killed. The hit was allegedly orchestrated by rival mob boss Al Capone, who was conveniently at his Florida home at the time. (Chicago Tribune). Tribune Publishing Employee Reviews in Chicago, IL. Review this company. Job Title. That’s not a knock on the company, but a reality of the newspaper business. You can choose to be part of the solution to keep it alive, but don’t expect to carve your own path or be handsomely rewarded. They are completely beholden to shareholders and whatever investor-of-the-month is at the helm. Was this review helpful? Yes. The word Chicago is understood to be an Indian word; at least it is derived from that source. What its precise meaning is, or whether it has any particular meaning at all in its present form as now applied, is a matter of considerable dispute among those who have given the subject attention. The word comes to us through the early French explorers of the West as an Indian word from the language of the Algonquin group. Whilst this group of the North American tribes had one general or generic language by which they were distinguished each tribe had its dialect differing more or less from that of
"Indian massacre" is a phrase whose use and definition has evolved and expanded over time. The phrase was initially used by European colonists to describe attacks by indigenous Americans which resulted in mass casualties. While similar attacks by colonists on Indian villages were called "raids" or "battles", successful Indian attacks on white settlements or military posts were routinely termed "massacres". Knowing very little about the native inhabitants of the American frontier, the colonists were deeply fearful, and as time passed, "far more white
