Suggested Follow-Up Professional Learning Opportunities

In professional learning communities (PLCs), study a selection of the following:

Books & Monographs:

Articles & Book Chapters:

### References

Suggested Follow-Up Courses. AP tests and course suggestions. If you are considering further study in the fields below, review the broad course suggestions in the final column. 300-level courses in some departments may be appropriate starting points for interested, well-prepared students with AP credit. Remember, the department will always be the best source of information for your individual registration plans. Exam. Score. Suggested Next Step. Art History.
